

LEAD-LINED DECAY CABINET

Can be used to decay sharps containers prior to disposal

Cabinet drawing dimensions can be accessed at www.biodex.com

The Decay Cabinet is designed for long and short term storage of decaying radioactive material. Two adjustable shelves support up to 100 lb each. The door is key-locked to prevent unauthorized access. The cabinet will accommodate sharps containers and other boxed waste prior to disposal. It can also be used to store flood sources.
